ITMS SOFTWARE Services Pty Ltd

[More jobs from this company](#)

This key role will lead the implementation functions for a small Brisbane-based software company closely involved with the SME **Manufacturing** industry.

This is a multi-faceted role which requires face to face contact with new and existing customers including travel to customers sites as and when required.

An understanding of the MRP or other related systems is **considered an advantage** to apply for this role.

A Background in manufacturing is an advantage.

Specific responsibilities will include

- On-site visits to customers to plan - implementation, and then execute the plan. (only in QLD currently)
- Implement the solution in cooperation with the customer.
- Training support for customers, both on-site and remote computer access.

Skills and Qualifications Excellent verbal and written communication skills

- Ability to analyse customers processes and functional requirements
- Experience with the use of ERP/MRP Systems.
- Ability to use computer applications such as Microsoft Office Applications
- A desire to continually learn and improve
- Be a team player in a small company environment
- Good working knowledge of applications like excel.

Other

- Current drivers licence
- Prepared to travel within Australia

Apply for this Position Now Online with your CV

- Please include your Address and Mobile No

The application form will include these questions:

- Which of the following statements best describes your right to work in Australia?
- Do you have a current Australian driver's licence?
